MILESTONES

PPV NATIONAL REPORT 2021

Kenji Yamazaki, PhD

Eric S. Holmboe, MD

Sonia Sangha, MPH

EXECUTIVE SUMMARY

Starting in 2019, the *Milestones National Report* included a new tool called predictive probability values (PPVs) for selected specialties and subspecialties that have an adequate volume of data for analysis. Program directors and Clinical Competency Committees (CCCs) can examine PPVs for their specialty that are based on national longitudinal Milestones ratings. PPVs are estimates that Milestones ratings will fall below Level 4 (the recommended graduation target) at the time of graduation.

With the transition to Milestones 2.0 underway, the 2021 PPV report is provided as a separate report. The 2021 PPV data for each specialty will vary depending on the timing of the specialty's implementation of Milestones 2.0.

PPVs are provided to help program directors and CCC members identify residents who may be struggling using normative national data during each six-month block of the educational program. Milestones and PPVs are designed to be formative to support the professional development of residents. PPV data can be used to support decisions for remediation or individualized learning plans.

The PPVs are provided as matrices using a heat map approach, from yellow (lower risk) to red zones (higher risk). When a program director or CCC member identifies a resident at elevated risk for not achieving Level 4 by graduation within one or more subcompetencies, the most important next step is to simply ask, "Why?" There are multiple reasons why an individual's developmental trajectory may not be on track, and program directors and CCC members are in the best position to determine the cause(s) and work with the resident to create a plan to help get back on track.

General Summary of Findings

1) Longitudinal PPVs show variation between subcompetencies that may be useful for program directors in knowing when to implement individualized learning plans for a struggling resident.

2) The predictive power of the PPVs vary by subcompetency and by specialty depending on the design of the Milestones.

3) The timing of the transition to Milestones 2.0 affects the PPVs. For specialties that just started using Milestones 2.0 in July 2021 or have yet to implement Milestones 2.0, program directors and CCC members will need to extrapolate data from the national Milestones 1.0 data. For these specialties, a crosswalk of Milestones 1.0 to 2.0 is provided.

4) For several specialties, the differences between Milestones 1.0 and 2.0 were significant enough that meaningful calculations of PPVs were not possible for subsets of the subcompetencies and are not reported here. As new data accumulates for Milestones 2.0, PPVs will be calculated in future reports.

5) Due to the ongoing COVID-19 pandemic, Milestones reporting was optional in June 2020. As a result, there are no PPVs calculated for the June 2020 Milestones data.

A *Milestones Bibliography* is available on the ACGME website to track the published literature on the Milestones; this is updated approximately every six months (ACGME 2021). The ACGME website includes many resources to help understand the purpose and effective use of the Milestones and Milestones ratings, including the *Milestones Guidebook*, Milestones FAQs, *Clinical Competency Committee Guidebook, and Milestones Guidebook for Residents and Fellows*.

(See https://www.acgme.org/What-We-Do/Accreditation/Milestones/Overview)

Intended Audience

The intended audience for this report includes program directors, CCC members, leaders within specialty societies who oversee the development of national curricula, ACGME Review Committee members who oversee accreditation of individual programs, and the residents, fellows, and faculty members in these programs. Other stakeholders who may benefit from this report include specialty boards, designated institutional officials (DIOs), policymakers, and the public.

TABLE OF CONTENTS

BACKGROUND

The Milestones and PPVs are intended to be used as tools to better prepare physicians for a changing health care system by emphasizing a focus on the competence of residents and fellows and ensuring their skillsets match patients' needs in a variety of critical ways (Batalden et al. 2002; Ericsson 2007; Hodges 2010).

The Milestones and PPVs allow for continuous monitoring and quality improvement for graduate medical education (GME). Individual programs can focus on making improvements that align with the specific competencies outlined by the Milestones, up to the point of graduation. This will help to ensure that graduates from these programs meet the expected standards of the profession and the goal of unsupervised practice.

Milestones and PPVs Intended Purpose

Tracking of Milestones data for individual residents and fellows is part of the ACGME's commitment to meeting the responsibility of professional self-regulation (Nasca et al. 2012; IOM 2014; Nasca 2015;), and the expectations for quality and safety from its primary stakeholder, the public. While the Milestones data allow for tracking of educational achievement at the individual level, the ACGME's primary goal is accreditation of Sponsoring Institutions and residency and fellowship programs. The collection of individual residents' and fellows' Milestones data is used only in aggregate form by the ACGME to address this goal. The PPVs take advantage of the national data by creating a helpful tool to support learner professional development. The ACGME will continue to collaborate with the American Board of Medical Specialties (ABMS), the American Osteopathic Association (AOA), and the various specialty boards toward ensuring high-quality graduates and maintaining the public trust.

Development of the Milestones

Individual milestones were developed based on subcompetencies within each specialty/subspecialty (Sullivan et al. 2013). The creation of these detailed developmental markers of progression included members of the ACGME Review Committees, representatives from the ABMS Member Boards, program directors of ACGME-accredited residency programs, residents, fellows, and representatives from specialty societies. The Milestones were written to cover the six Core Competencies and resulted in an average of 24 subcompetencies per specialty/subspecialty (range 10-43 for Milestones 1.0), with educational program periods ranging from single-year fellowships to residencies lasting seven years. Milestones 2.0 builds on a body of research and lessons learned to improve the quality and clarity of the Milestones.

To make sense of the PPVs, program directors, CCCs, and specialty societies are encouraged to assist in interpreting these data, given the rich contextual knowledge offered by these stakeholders. Program directors and CCC members can assist by considering alternatives for what might explain the observed PPV patterns presented here, and share this with the wider community, including other program directors within their specialty/subspecialty and the ACGME Milestones staff, to ensure the data are interpreted properly and ultimately fulfill their potential to improve GME.

METHODS

Predictive Probability Values (PPV)

PPVs are included in tables for each core specialty. They are estimates that Milestone ratings will fall below Level 4 (the recommended graduation target) by time of graduation, based on national longitudinal Milestones ratings (Holmboe et al. 2020). In each table, PPVs are listed in columns that correspond to each six-month period in which Milestones data are reported. For example, a value of 65.0 indicates a 65 percent probability that residents/fellows rated at a certain level or

lower at that point in time will not reach Level 4 by the time of graduation. It is important to note that these estimates are based on previously collected national Milestones ratings for that particular subcompetency in each specialty and are not necessarily indicative of future ratings.

Figure 1 provides guidance on how to use the PPVs.

Acknowledgments

The authors wish to thank the program directors who attended the feedback sessions at the 2019 and 2020 ACGME Annual Educational Conference for their valuable insights, as well as the various stakeholder groups to whom preliminary versions of these results have been presented over the past year. The authors also owe a great debt of gratitude to the staff members in the ACGME Department of Applications and Data Analysis and Kenji Yamazaki, PhD for compiling the data and preparing the PPVs.

As previously explained, PPV tables provide the probability (in percentages) that a resident at or below a certain Milestones rating (Level) would not achieve Level 4 at time of graduation. PPVs for Patient Care subcompetency 3 that could be calculated as of June 2021 are provided below. The example in Table 1 applies to all specialties/subspecialties with PPVs calculated solely using Milestones 1.0 data. This includes specialties/subspecialties that just started using Milestones 2.0 in July 2021 or that will not implement Milestones 2.0 until July 2022.

The example in Table 2 applies to specialties that implemented Milestones 2.0 in July 2020. For these, a special analytic technique called path analysis was used to map Milestones 1.0 data entered prior to July 2020 to the Milestones 2.0 entered during the 2020-2021 academic year. Due to the ongoing COVID-19 pandemic, no PPV data is available for the June 2020 Milestones ratings; it is represented by the grayed-out column in all PPV tables.

Table 1: Milestones 1.0-Only Data

The example is from the Internal Medicine Milestones, subcompetency 3: Manage patients with progressive responsibility and independence.

Subcompetency	Threshold	Yr1, Mid-Year	Yr1, Year-End	Yr2, Mid-Year		Yr3, Mid-Year
PC03						
Manage Patients	<= Lev 5.0					
	<= Lev 4.5					
	<= Lev 4.0			5.7		6.1
	<= Lev 3.5		5.8	6.0		11.7
	<= Lev 3.0	5.8	6.1	8.1		31.4
	<= Lev 2.5	6.5	8.4	14.3		33.0
	<= Lev 2.0	8.6	11.7	24.7		6.8
	<= Lev 1.5	9.5	16.5	23.8		
	<= Lev 1.0	9.5	16.5	23.8		

In this example, an internal medicine resident receiving a Milestones rating of 2.0 or lower at mid-year of PGY-2 Milestones review occasion has a 24.7 percent probability (based on national data) of not achieving Level 4 by the end of the three-year residency in this subcompetency. Programs that began using Milestones 2.0 in July 2021 will need to use the Milestones 1.0 to 2.0 crosswalk table provided for each specialty with their PPVs to see which Milestones 2.0 subcompetency(ies) mapped to the Milestones 1.0 PPV data.

Table 2: Milestones 1.0 to 2.0 Table

The example is from the Family Medicine Milestones, Subcompetency 3: Health promotion and wellness.

Subcompetency	Threshold	Yr1, Mid-Year	Yr1, Year-End	Yr2, Mid-Year		Yr3, Mid-Year
PC03						
	<= Lev 5.0					
	<= Lev 4.5					
	<= Lev 4.0					17.1
	<= Lev 3.5		16.7	17.4		27.2
	<= Lev 3.0		17.0	20.4		46.7
	<= Lev 2.5	16.9	18.5	27.3		49.7
	<= Lev 2.0	17.7	21.9	35.9		38.7
	<= Lev 1.5	20.3	29.2	41.4		24.0
	<= Lev 1.0	24.0	35.7	44.3		11.1

Specialties in this category began using Milestones 2.0 in July 2020 and have generated one year of Milestones 2.0 data. Path analysis was used to empirically leverage previous national Milestones 1.0 data to create the Milestones 2.0 PPV data for these specialties.

In this example, a family medicine resident receiving a Milestone 2.0 rating of 2.0 or lower at the mid-year of PGY-2 Milestones review occasion (dashed lines) has a 35.9 percent probability (based on national data) of not achieving Level 4 by the end of the three-year residency in the Milestones 2.0 Patient Care subcompetency 3. A family medicine resident receiving a Milestones 2.0 rating at the mid-year PGY-3 Milestones review occasion (dotted lines) has a 46.7 percent probability of not meeting Level 4 by the end of the program.

PPVs are provided to help identify residents within a program who may be struggling to match normative national data during each six-month block of the educational program. This can then be used to support decisions for remediation or individualized learning plans.

SPECIALTIES STILL USING MILESTONES 1.0

- **OBSTETRICS AND GYNECOLOGY**

- **OTOLARYNGOLOGY**

- **PLASTIC SURGERY**

- **RADIATION ONCOLOGY**

Milestones 2.0 for these specialties are being finalized for a planned July 2022 implementation. Residency programs will continue to use Milestones 1.0 for the 2021-2022 academic year. The PPV tables are provided for each specialty below.

SPECIALTY: **Obstetrics and Gynecology**

Subcompetency	Threshold	Yr1, Mid-Year	Yr1, Year-End	Yr2, Mid-Year	Yr2, Year-End	Yr3, Mid-Year		Yr4, Mid-Year

SPECIALTIES THAT IMPLEMENTED
MILESTONES 2.0 IN JULY 2021

These specialties will not have yet generated any Milestones 2.0 data. The PPVs provided are based on Milestones 1.0 data through June 2021. Each specialty has a crosswalk of Milestones 1.0 to Milestones 2.0. Use these tables to help interpret the PPVs from Milestones 1.0 to assist learners who may be struggling with Milestones 2.0.

The ACGME recommends caution when interpreting the PPVs to Milestones 2.0 performance as some subcompetencies for Milestones 2.0 have changed significantly. In addition, some Milestones 1.0 versions may map onto multiple subcompetencies in the Milestones 2.0 versions and vice versa. In these circumstances, overlap and alignment between Milestones 1.0 and 2.0 may be incomplete.

SPECIALTY: **Anesthesiology**

The original Milestones 1.0 are mapped below to the new Milestones 2.0. These are not necessarily exact matches but are areas that include some of the same elements. Note that not all subcompetencies map between versions. The PPVs above are calculated using Milestones 1.0.

If there are concerns about a low rating by the CCC within a new Milestones 2.0 subcompetency, look across the table below to determine which Milestone 1.0 subcompetency would apply and examine the PPV value in the Milestones 1.0 PPV table above.

Milestones 1.0	Milestones 2.0
PC1: Pre-Anesthetic Patient Evaluation, Assessment, and Preparation	PC1: Pre-Anesthetic Evaluation
PC2: Anesthetic Plan and Conduct	PC2: Peri-Operative Care and Management PC4: Intra-Operative Care
PC3: Peri-Procedural Pain Management	PC3: Application and Interpretation of Monitors
PC4: Management of Peri-Anesthetic Complications	PC8: Post-Operative Care
PC5: Crisis Management	PC7: Situational Awareness and Crisis Management
PC6: Triage and Management of the Critically Ill Patient in a Non-Operative Setting	PC8: Post-Operative Care PC9: Critical Care
PC7: Acute, Chronic, and Cancer-Related Pain Consultation and Management	PC2: Peri-Operative Care and Management PC6: Point of Care Ultrasound
PC8: Technical Skills: Airway Management	PC5: Airway Management
PC9: Technical Skills: Use and Interpretation of Monitoring and Equipment	PC3: Application and Interpretation of Monitors
PC10: Technical Skills: Regional Anesthesia	PC10: Regional (Peripheral and Neuraxial) Anesthesia
MK1: Knowledge of Biomedical, Clinical, Epidemiological, and Social-Behavioral Sciences as Outlined in the American Board of Anesthesiology Content Outline	MK1: Foundational Knowledge
No Match	MK2: Clinical Reasoning
SBP1: Coordination of Patient Care within the Health Care System	SBP2: System Navigation for Patient-Centered Care
SBP2: Patient Safety and Quality Improvement	SBP1: Patient Safety and Quality Improvement
No Match	SBP3: Physician Role in Health Care Systems
PBLI1: Incorporation of Quality Improvement and Patient Safety Initiatives into Personal Practice	SBP1: Patient Safety and Quality Improvement
PBLI2: Analysis of Practice to Identify Areas in Need of Improvement	PBLI2: Reflective Practice and Commitment to Personal Growth
PBLI3: Self-Directed Learning	PBLI1: Evidence-Based and Informed Practice PBLI2: Reflective Practice and Commitment to Personal Growth
PBLI4: Education of Patient, Families, Students, Residents, and Other Health Professionals	No match
PROF1: Responsibility to Patients, Families, and Society	PROF1: Professional Behavior and Ethical Principles
PROF2: Honesty, Integrity, and Ethical Behavior	PROF1: Professional Behavior and Ethical Principles
PROF3: Commitment to Institution, Department, and Colleagues	PROF2: Accountability/Conscientiousness
PROF4: Receiving and Giving Feedback	PBLI2: Reflective Practice and Commitment to Personal Growth
PROF5: Responsibility to Maintain Personal Emotional, Physical, and Mental Health	PROF2: Accountability/Conscientiousness PROF3: Self-Awareness and Well-Being
ICS1: Communication with Patients and Families	ICS1: Patient- and Family-Centered Communication
ICS2: Communication with Other Professionals	ICS2: Interprofessional and Team Communication
ICS3: Team and Leadership Skills	ICS2: Interprofessional and Team Communication
No match	ICS3: Communication within Health Care Systems

SPECIALTY: **Emergency Medicine**

The original Milestones 1.0 are mapped below to the new Milestones 2.0. These are not necessarily exact matches but are areas that include some of the same elements. Note that not all subcompetencies map between versions. The PPV values above are calculated using Milestones 1.0.

If there are concerns about a low rating by the CCC within a new Milestones 2.0 subcompetency, look across the table below to determine which Milestone 1.0 subcompetency would apply and examine the PPV value in the Milestone 1.0 PPV table above.

Milestones 1.0	Milestones 2.0
PC1: Emergency Stabilization	PC1: Emergency Stabilization
PC2: Performance of Focused History and Physical Exam	PC2: Performance of Focused History and Physical Exam
PC3: Diagnostic Studies	PC3: Diagnostic Studies

SPECIALTY: **Internal Medicine**

The original Milestones 1.0 are mapped below to the new Milestones 2.0. These are not necessarily exact matches but are areas that include some of the same elements. Note that not all subcompetencies map between versions. The PPVs above are calculated using Milestones 1.0.

If there are concerns about a low rating by the CCC within a new Milestones 2.0 subcompetency, look across the table below to determine which Milestone 1.0 subcompetency would apply and examine the PPV value in the Milestones 1.0 PPV table above.

Milestones 1.0	Milestones 2.0
PC1: Gathers and Synthesizes Essential and Accurate Information to Define Each Patient's Clinical Problem(s)	PC1: History PC2: Physical Examination PC3: Clinical Reasoning
PC2: Develops and Achieves Comprehensive Management Plan for Each Patient	PC3: Clinical Reasoning PC4: Patient Management – Inpatient PC5: Patient Management – Outpatient
PC3: Manage Patients with Progressive Responsibility and Independence	PC4: Patient Management – Inpatient PC5: Patient Management – Outpatient
PC4: Skill in Performing Procedures	No Match
PC5: Requests and Provides Consultative Care	ICS2: Interprofessional and Team Communication
No Match	PC6: Digital Health
MK1: Clinical Knowledge	MK1: Applied Foundational Sciences MK2: Therapeutic Knowledge
MK2: Knowledge of Diagnostic Testing and Procedures	MK3: Knowledge of Diagnostic Testing
SBP1: Works Effectively Within an Interprofessional Team	SBP2: System Navigation for Patient-Centered Care
SBP2: Recognizes System Error and Advocates for System Improvement	SBP1: Patient Safety and Quality Improvement
SBP3: Identifies Forces that Impact the Cost of Health Care and Advocates for and Practices Cost-Effective Care	SBP3: Physician Role in the Health Care Systems
SBP4: Transitions Patients Effectively Within and Across Health Delivery Systems	SBP2: System Navigation for Patient-Centered Care
PBLI1: Monitors Practice with a Goal for Improvement	PBLI2: Reflective Practice and Commitment to Personal Growth
PBLI2: Learns and Improves via Performance Audit	PBLI2: Reflective Practice and Commitment to Personal Growth
PBLI3: Learns and Improves via Feedback	PBLI2: Reflective Practice and Commitment to Personal Growth
PBLI4: Learns and Improves at the Point of Care	PBLI1: Evidence-Based and Informed Practice
PROF1: Has Professional and Respectful Interactions with Patients, Caregivers, and Members of the Interprofessional Team	PROF1: Professional Behavior PROF2: Ethical Principles
PROF2: Accepts Responsibility and Follows Through on Tasks	PROF3: Accountability/Conscientiousness
PROF3: Responds to Each Patient's Unique Characteristics and Needs	ICS1: Patient- and Family-Centered Communication
PROF4: Exhibits Integrity and Ethical Behavior in Conduct	PROF1: Professional Behavior
ICS1: Communicates Effectively with Patients and Caregivers	ICS1: Patient- and Family-Centered Communication
ICS2: Communicates Effectively in Interprofessional Team	SBP2: System Navigation for Patient-Centered Care ICS2: Interprofessional and Team Communication
ICS3: Appropriate Utilization and Completion of Health Records	PROF3: Accountability/Conscientiousness ICS3: Communication within Health Care Systems

SPECIALTY: **Neurology**

The original Milestones 1.0 are mapped below to the new Milestones 2.0. These are not necessarily exact matches but are areas that include some of the same elements. Note that not all subcompetencies map between versions. The PPV values above are calculated using Milestones 1.0.

If there are concerns about a low rating by the CCC within a new Milestones 2.0 subcompetency, look across the table below to determine which Milestone 1.0 subcompetency would apply and examine the PPV value in the Milestone 1.0 PPV table above.

Milestones 1.0	Milestones 2.0
PC1: History	PC1: History
PC2: Neurologic Exam	PC2: Neurologic Exam
PC3: Management/Treatment	PC4: Diagnosis and Management of Neurologic Disorders in the Outpatient Setting PC5: Diagnosis and Management of Neurologic Disorders in the Inpatient Setting PC6: Diagnosis and Management of Neurologic Emergencies
PC4: Movement Disorders	PC4: Diagnosis and Management of Neurologic Disorders in the Outpatient Setting PC5: Diagnosis and Management of Neurologic Disorders in the Inpatient Setting PC6: Diagnosis and Management of Neurologic Emergencies
PC5: Neuromuscular Disorders	PC4: Diagnosis and Management of Neurologic Disorders in the Outpatient Setting PC5: Diagnosis and Management of Neurologic Disorders in the Inpatient Setting PC6: Diagnosis and Management of Neurologic Emergencies
PC6: Cerebrovascular Disorders	PC4: Diagnosis and Management of Neurologic Disorders in the Outpatient Setting PC5: Diagnosis and Management of Neurologic Disorders in the Inpatient Setting PC6: Diagnosis and Management of Neurologic Emergencies
PC7: Cognitive, Behavioral, and Psychiatric Disorders	PC4: Diagnosis and Management of Neurologic Disorders in the Outpatient Setting PC5: Diagnosis and Management of Neurologic Disorders in the Inpatient Setting PC6: Diagnosis and Management of Neurologic Emergencies
PC8: Demyelinating Disorders	PC4: Diagnosis and Management of Neurologic Disorders in the Outpatient Setting PC5: Diagnosis and Management of Neurologic Disorders in the Inpatient Setting PC6: Diagnosis and Management of Neurologic Emergencies

The original Milestones 1.0 are mapped below to the new Milestones 2.0. These are not necessarily exact matches but are areas that include some of the same elements. Note that not all subcompetencies map between versions. The PPV values above are calculated using Milestones 1.0.

If there are concerns about a low rating by the CCC within a new Milestones 2.0 subcompetency, look across the table below to determine which Milestone 1.0 subcompetency would apply and examine the PPV value in the Milestone 1.0 PPV table above.

Milestones 1.0	Milestones 2.0
PC1: Anterior Cruciate Ligament	PC4: Operative Management of Arthroscopically Treated Conditions PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC2: Ankle Arthritis	PC4: Operative Management of Arthroscopically Treated Conditions PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC3: Ankle Fracture	PC1: Operative Management of Fractures and Dislocation PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC4: Carpal Tunnel	PC2: Operative Management of Soft Tissue Pathology PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC5: Degenerative Spinal Conditions	PC3: Operative Management of Degenerative, Infectious, and Neoplastic Conditions PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC6: Diabetic Foot	PC1: Operative Management of Fractures and Dislocation PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC7: Diaphyseal Femur and Tibia Fracture	PC5: Operative Management of Pediatric Conditions PC7: Evaluation and Management of the Pediatric Orthopaedic Patient
PC8: Distal Radius Fracture	PC1: Operative Management of Fractures and Dislocation PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC9: Adult Elbow Fracture	PC1: Operative Management of Fractures and Dislocation PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC10: Hip and Knee Osteoarthritis	PC4: Operative Management of Arthroscopically Treated Conditions PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC11: Hip Fracture	PC1: Operative Management of Fractures and Dislocation PC3: Operative Management of Degenerative, Infectious, and Neoplastic Conditions PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC12: Metastatic Bone Lesion	PC3: Operative Management of Degenerative, Infectious, and Neoplastic Conditions PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC13: Meniscal Tear	PC4: Operative Management of Arthroscopically Treated Conditions PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC14: Pediatric Septic Hip	PC5: Operative Management of Pediatric Conditions PC7: Evaluation and Management of the Pediatric Orthopaedic Patient
PC15: Rotator Cuff Injury	PC2: Operative Management of Soft Tissue Pathology PC6: Evaluation and Management of the Adult Orthopaedic Patient
PC16: Pediatric Supracondylar Humerus Fracture	PC5: Operative Management of Pediatric Conditions PC7: Evaluation and Management of the Pediatric Orthopaedic Patient

The original Milestones 1.0 are mapped below to the new Milestones 2.0. These are not necessarily exact matches but are areas that include some of the same elements. Note that not all subcompetencies map between versions. The PPV values above are calculated using Milestones 1.0.

If there are concerns about a low rating by the CCC within a new Milestones 2.0 subcompetency, look across the table below to determine which Milestone 1.0 subcompetency would apply and examine the PPV value in the Milestone 1.0 PPV table above.

Milestones 1.0	Milestones 2.0
PC1: Gather Essential and Accurate Information about the Patient	PC1: History PC2: Physical Exam
PC2: Organize and Prioritize Responsibilities to Provide Patient Care that is Safe, Effective, and Efficient	PC3: Organize and Prioritize Patient Care
PC3: Provide Transfer of Care that Ensures Seamless Transitions	SBP4: System Navigation for Patient-Centered Care – Transitions in Care
PC4: Make Informed Diagnostic and Therapeutic Decisions that Result in Optimal Clinical Judgement	PC4: Clinical Reasoning MK2: Diagnostic Evaluation
PC5: Develop and Carry Out Management Plans	PC5: Patient Management
MK1: Critically Evaluate and Apply Current Medical Information and Scientific Evidence for Patient Care	PBLI1: Evidence-Based and Informed Practice
SBP1: Coordinate Patient Care within the Health Care System Relevant to Their Clinical Specialty	SBP3: System Navigation for Patient-Centered Care – Coordination of Care
SBP2: Advocate for Quality Patient Care and Optimal Patient Care Systems	SBP1: Patient Safety SBP2: Quality Improvement
SBP3: Work in Interprofessional Teams to Enhance Patient Safety and Improve Patient Care Quality	ICS2: Interprofessional and Team Communication SBP3: System Navigation for Patient-Centered Care – Coordination of Care
No Match	SBP5: Population and Community Health SBP6: Physician Role in Health Care Systems
PBLI1: Identify Strengths, Deficiencies, and Limits in One's Knowledge and Expertise	PBLI2: Reflective Practice and Commitment to Personal Growth
PBLI2: Identify and Perform Appropriate Learning Activities to Guide Personal and Professional Development	PBLI2: Reflective Practice and Commitment to Personal Growth
PBLI3: Systematically Analyze Practice using Quality Improvement Methods, and Implement Changes with the Goal of Practice Improvement	PBLI2: Reflective Practice and Commitment to Personal Growth
PBLI4: Incorporate Formative Evaluation Feedback into Daily Practice	PBLI2: Reflective Practice and Commitment to Personal Growth
PROF1: Demonstrate Humanism, Compassion, Integrity, and Respect for others; Based on the Characteristics of an Empathetic Practitioner	PROF1: Professional Behavior
PROF2: Professionalization: A Sense of Duty and Accountability to Patients, Society, and the Profession	PROF3: Accountability/Conscientiousness
PROF3: Professional Conduct: High Standards of Ethical Behavior which includes Maintaining Appropriate Professional Boundaries	PROF2: Ethical Principles
PROF4: Self-Awareness of One's Own Knowledge, Skill, and Emotional Limitations that Leads to Appropriate Help-Seeking Behaviors	PBLI2: Reflective Practice and Commitment to Personal Growth
No Match	PROF4: Well-Being

SPECIALTY: **Pediatrics**

Milestones 1.0	Milestones 2.0
PROF5: Trustworthiness that Makes Colleagues Feel Secure when One is Responsible for the Care of Patients	PROF1: Professional Behavior PROF3: Accountability/Conscientiousness
PROF6: Recognize that Ambiguity is Part of Clinical Medicine and to Recognize the Need for and to Utilize Appropriate Resources in Dealing with Uncertainty	PROF2: Ethical Principles ICS1: Patient- and Family-Centered Communication
ICS1: Communicate Effectively with Patients, Families, and the Public, as appropriate, Across a Broad Range of Socioeconomic and Cultural Backgrounds	ICS1: Patient- and Family-Centered Communication
ICS2: Demonstrate the Insight and Understanding into Emotion and Human Response to Emotion that Allows One to Appropriately Develop and Manage Human Interactions	ICS1: Patient- and Family-Centered Communication ICS2: Interprofessional and Team Communication
No Match	ICS3: Communication within Health Care Systems

SPECIALTY: **Physical Medicine and Rehabilitation**

The original Milestones 1.0 are mapped below to the new Milestones 2.0. These are not necessarily exact matches but are areas that include some of the same elements. Note that not all subcompetencies map between versions. The PPV values above are calculated using Milestones 1.0.

If there are concerns about a low rating by the CCC within a new Milestones 2.0 subcompetency, look across the table below to determine which Milestone 1.0 subcompetency would apply and examine the PPV value in the Milestone 1.0 PPV table above.

Milestones 1.0	Milestones 2.0
PC1: History (Appropriate for Age and Impairment)	PC1: Physiatric History, Appropriate for Age and Impairment
PC2: Physiatric Physical Examination	PC2: Physical Examination
PC3: Diagnostic Evaluation	MK2: Clinical Reasoning
PC4: Medical Management	PC3: Medical Management
PC5: Rehabilitation/Functional Management	PC5: Assistive Technologies PC6: Rehabilitation Interventions
PC6: Procedural Skills	PC4: Procedural Skills: Injections for Abnormalities of Tone or Movement PC5: Procedural Skills: Joint and Soft Tissue Injections
PC7: Procedural Skills: Electrodiagnostic Procedures	PC6: Procedural Skills: Electrodiagnostic Procedures
MK: Psychiatric Knowledge	MK1: Foundational Principles of Physiatric Practice
SBP1: Systems Thinking	SBP3: System Navigation for Patient-Centered Care SBP4: Physician Role in Health Care Systems
SBP2: Team Approach to Enhance Patient Care Coordination	ICS2: Patient and Family Education
SBP3: Patient Safety	SBP1: Patient Safety
PBLI1: Self-Directed Learning and Teaching	PBLI2: Reflective Practice and Commitment to Personal Growth
PBLI2: Locate, Appraise, and Assimilate Evidence from Scientific Studies Related to Their Patients' Health Problems	PBLI1: Evidence-Based and Informed Practice
PBLI3: Quality Improvement (QI)	SBP2: Quality Improvement
PROF1: Compassion, Integrity, and Respect for Others, as well as Sensitivity and Responsiveness to Diverse Patient Populations, including but not limited to Diversity in Gender, Age, Culture, Race, Religion, Disabilities, and Sexual Orientation	PROF1: Ethical Principles ICS2: Interprofessional and Team Communication
PROF2: Knowledge About, Respect for, and Adherence to the Ethical Principles (including Beneficence, Least Harm, Respect for Autonomy, and Justice) Relevant to the Practice of Medicine	PROF1: Ethical Principles
PROF3: Professional Behaviors and Accountability to Self, Patients, Society, and the Profession	PROF2: Professional Behavior PROF3: Accountability
ICS1: Relationship Management	ICS1: Patient- and Family-Centered Communication
ICS2: Information Gathering and Sharing	ICS1: Patient- and Family-Centered Communication ICS2: Interprofessional and Team Communication ICS3: Interprofessional and Team Communication
No Match	PROF4: Patient Care Etiquette with Patients of All Abilities
No Match	PROF5: Resident Well-Being and Help-Seeking

The original Milestones 1.0 are mapped below to the new Milestones 2.0. These are not necessarily exact matches but are areas that include some of the same elements. Note that not all subcompetencies map between versions. The PPV values above are calculated using Milestones 1.0.

If there are concerns about a low rating by the CCC within a new Milestones 2.0 subcompetency, look across the table below to determine which Milestone 1.0 subcompetency would apply and examine the PPV value in the Milestone 1.0 PPV table above.

Milestones 1.0	Milestones 2.0
PC1: Psychiatric Evaluation	PC1: Psychiatric Evaluation
PC2: Psychiatric Formulation and Differential Diagnosis	PC2: Psychiatric Formulation and Differential Diagnosis
PC3: Treatment Planning and Management	PC3: Treatment Planning and Management
PC4: Psychotherapy	PC4: Psychotherapy
PC5: Somatic Therapies	PC5: Somatic Therapies
MK1: Development through the Life Cycle	MK1: Development through the Life Cycle
MK2: Psychopathology	MK2: Psychopathology
MK3: Clinical Neuroscience	MK3: Clinical Neuroscience
MK4: Psychotherapy	MK4: Psychotherapy
MK5: Somatic Therapies	PC5: Somatic Therapies
MK6: Practice of Psychiatry	PROF2: Accountability/Conscientiousness
SBP1: Patient Safety and the Health Care Team	SBP1: Patient Safety and Quality Improvement
SBP2: Resource Management	SBP3: Physician Role in Health Care Systems
SBP3: Community-Based Care	SBP2: System Navigation for Patient-Centered Care
SBP4: Consultation to Non-Psychiatric Medical Providers and Non-Medical Systems	PC6: Clinical Consultation
No Match	PBLI1: Evidence-Based and Informed Practice
PBLI1: Development and Execution of Lifelong Learning through Constant Self-Evaluation, including Critical Evaluation of Research and Clinical Evidence	PBLI2: Reflective Practice and Commitment to Personal Growth
PBLI2: Formal Practice-Based Quality Improvement Based on Established and Accepted Methodologies	SBP1: Patient Safety and Quality Improvement
PBLI3: Teaching	No Match
PROF1: Compassion, Integrity, Respect for Others, Sensitivity to Diverse Patient Populations and Adherence to ethical principles	PROF1: Professional Behavior and Ethical Principles
PROF2: Accountability to Self, Patients, colleagues, and the profession	PROF2: Accountability/ Conscientiousness
No Match	PROF3: Self-Awareness and Help-Seeking
ICS1: Relationship Development and Conflict Management with Patients, Families, Colleagues, and Members of the Health Care Team	ICS1: Patient- and Family-Centered Communication ICS2: Interprofessional and Team Communication
ICS2: Information Sharing and Recordkeeping	ICS3: Communication within Health Care Systems

SPECIALTIES THAT IMPLEMENTED MILESTONES 2.0 IN JULY 2020

These specialties have generated Milestones 2.0 assessment data twice in the past academic year. This data was used to empirically map Milestones 1.0 data prior to July 2020 with Milestones 2.0 data from Academic Year 2020-2021. The analytic approach is described in Appendix A. Not all subcompetencies from Milestones 1.0 sufficiently mapped via the systematic path analysis with pertinent Milestones 2.0 versions, and as a result, are not included in the PPV tables. Where the statistical path analysis did support a meaning correlation (i.e., mapping from version 1.0 to 2.0), programs can use the current Milestones 2.0 data of a resident with the PPV tables to help identify residents who may be struggling within the specific subcompetencies provided below. It is expected that the PPVs for these specialties in 2022 will only include Milestones 2.0 national data.

SPECIALTIES THAT IMPLEMENTED MILESTONES 2.0 PRIOR TO JULY 2020

Neurological surgery and transitional year programs began using Milestones 2.0 prior to July 2020.

PPVs below are based only on Milestones 2.0 data. As a result, PPVs are only available for neurological surgery residents currently in their PGY-5 or later.

APPENDIX A:

This appendix describes how the PPV tables are created for the specialties that implemented Milestones 2.0 in July 2020 and have reported data for Milestones twice in the past academic year (Academic Year 2020-2021). This specifically focuses on the following six specialties:

- Allergy and immunology (two-year programs)

- Dermatology (three-year programs)

- Diagnostic Radiology (four-year programs)

- Family medicine (three-year programs)

- Ophthalmology (three-year programs)

- Surgery (five-year programs)

These specialties were using Milestones 1.0 until the June 2020 reporting period and introduced Milestone 2.0 in July 2020, with the first reporting period occurring December 2020 to January 2021 (see Table 1).

Table 1. Milestones Version by Academic and Calendar Years

Academic Year	…	2019-2020 Mid-Year	2019-2020 Year-End*	2020-2021 Mid-Year	2020-2021 Year-End
Calendar Year	…	July to December 2019	January to June 2020*	July to December 2020	January to June 2020
Milestones Version	…	1.0	1.0*	2.0	2.0

*Note: The reporting requirement was made optional for this reporting period.

For these specialties, Milestones assessments were performed for residents in the final year of the educational program, using Milestones 2.0 (i.e., July to December 2020 and January to June 2021 reporting periods), whereas their previous ratings were based on Milestones 1.0 until the June 2020 period. To mitigate the shift in Milestones versions, subject matter experts created a crosswalk table per specialty to make a conceptual connection between subcompetencies across Milestones 1.0 and 2.0 (see Table 2 for an example from dermatology).

Table 2. Sample Crosswalk Table for Subcompetencies across Milestones 1.0 and 2.0:

Dermatology Milestones

Milestones 1.0	Milestones 2.0
PC1: History, Examination and Presentation	PC1: Medical Dermatology
PC5: Pediatric Treatment	PC2: Pediatric Dermatology
PC6: Surgical Treatment	PC3: Dermatologic Procedures and Surgery
PC3: Dermatopathology Application	PC4: Dermatopathology
PC2: Diagnostic Tests	PC6: Diagnostics
PC7: Diagnosis, Management Decision, and Patient Education	PC7: Critical Thinking/Differential Diagnosis

Milestones 1.0	Milestones 2.0
PC4: Medical Treatment	PC8: Therapeutics Management
MK1: Medical Dermatology	MK1: Knowledge of Dermatologic Disease
PBLI3: Integrate Quality Improvement Concepts and Activities in Practice	SBP1: Patient Safety and Quality Improvement
SBP1: Adapts Easily and Works Effectively in Various Health Care Delivery Settings and Systems	SBP2: System Navigation for Patient-Centered Care
SBP4: Practices Cost-Conscience Care	SBP3: Physician Role in Health Care Systems
PBLI1: Appraise and Assimilate Scientific Evidence	PBLI1: Evidence-Based and Informed Practice
PBLI2: Continuously Improve Through Self-Assessment of Competence	PBLI2: Reflective Practice and Commitment to Personal Growth
PROF1: Practices Medicine Ethically	PROF1: Professional Behavior and Ethical Principles
PROF1: Practices Medicine Ethically	PROF2: Accountability/ Conscientiousness
ICS1: Communication and Rapport with Patients and Families	ICS1: Patient- and Family-Centered Communication
SBP2: Works Effectively Within an Interprofessional Team	ICS2: Interprofessional and Team Communication
ICS5: Medical Documentation	ICS3: Communication within Health Care Systems

To determine empirically which crosswalk relationships are viable options for the subsequent production of PPV tables, a path analysis was applied using the data for the residents who were assessed by and stayed under the same CCC/program between the July and December 2019 and July and December 2020 reporting periods (both are mid-year evaluations). Specifically, using all subcompetencies listed in the crosswalk table, the path analysis model was constructed based on a multi-variate regression model in which all Milestones 2.0 subcompetencies were regressed on all Milestones 1.0 subcompetencies.

This functioned as a base model, in which each crosswalk relationship was considered a hypothesis to be tested for choosing a Milestones 1.0 to Milestones 2.0 relationship as a viable option. Each Milestones 2.0 subcompetency was examined to determine if the crosswalk relationship showed the higher path coefficient over and above the other path coefficients. When this relationship was found, a subsequent equating process was performed. The selected relationships are reported in Appendix B and are also included for each specialty in the body of the report. Using the selected crosswalk relationship, a z-score-based linear equating method (Kolen and Brennan 2014) was applied to allow the conversion of the Milestones 1.0 rating on a Milestones 2.0 scale. Specifically, all mid-year and year-end Milestones 1.0 assessment ratings were converted on the corresponding mid-year and year-end Milestones 2.0 scales, respectively. The converted ratings were used for creating all PPV tables, which allowed for the estimation of the PPVs if the current Milestones 2.0 had been used since the beginning of the assessment.

Kolen, M.J., and R.L. Brennan. 2014. *Test Equating, Scaling, and Linking, Third Edition*. New York: Springer.

APPENDIX B. CROSSWALK RELATIONSHIP SUPPORTED BY PATH ANALYSES

Allergy and Immunology

Milestones 1.0	Milestones 2.0
PC1: Medical Interview and Physical Examination	PC1: Medical Interview and Physical Examination of Adult Allergy and Immunology Patients
PC1: Medical Interview and Physical Examination	PC2: Medical Interview and Physical Examination of Pediatric Allergy and Immunology Patients
MK1: Allergy and Immunology Medical Knowledge	MK1: Basic Science of Allergy and Immunology
SBP1: Utilizes/Accesses Outside Resources…	SBP3: Physician Role in Health Care Systems
PROF1: Exhibits Ethical and Responsible Behavior…	PROF1: Professional Behavior and Ethical Principles

Dermatology

Milestones 1.0	Milestones 2.0
PC6: Surgical Treatment	PC3: Dermatologic Procedures and Surgery
PC3: Dermatopathology Application	PC4: Dermatopathology
MK1: Medical Dermatology	MK1: Knowledge of Dermatologic Disease
PBLI3: Integrate Quality Improvement Concepts and Activities in Practice	SBP1: Patient Safety and Quality Improvement
PBLI1: Appraise and Assimilate Scientific Evidence	PBLI1: Evidence-Based and Informed Practice
PROF1: Practices Medicine Ethically	PROF1: Professional Behavior and Ethical Principles
ICS1: Communication and Rapport with Patients and Families	ICS1: Patient- and Family-Centered Communication
ICS5: Medical Documentation	ICS3: Communication within Health Care Systems

Family Medicine

Milestones 1.0	Milestones 2.0
PC1: Cares for Acutely Ill or Injured Patients in Urgent and Emergent Situations and in All Settings	PC1: Care of the Acutely Ill patient
PC2: Cares for Patients with Chronic Conditions	PC2: Care of Patients with Chronic Illness
PC3: Partners with the Patient, Family, and Community to Improve Health through Disease Prevention and Health Promotion	PC3: Health Promotion and Wellness
PC5: Performs Specialty-Appropriate Procedures…	PC5: Management of Procedural Care
MK1: Demonstrates Medical Knowledge of Sufficient Breadth and Depth to Practice Family Medicine	MK1: Demonstrates Medical Knowledge of Sufficient Breadth and Depth to Practice Family Medicine
MK2: Applies Critical Thinking Skills in Patient Care	MK2: Critical Thinking and Decision Making
PBLI3: Improves Systems in which the Physician Provides Care	SBP1: Patient Safety and Quality Improvement

Milestones 1.0	Milestones 2.0
PBLI1: Locates, Appraises, and Assimilates Evidence from Scientific Studies Related to the Patients' Health Problems	PBLI1: Evidence-Based and Informed Practice
PBLI2: Demonstrates Self-Directed Learning	PBLI2: Reflective Practice and Commitment to Personal Growth
PROF2: Demonstrates Professional Conduct and Accountability	PROF2: Accountability/ Conscientiousness
PROF4: Maintains Emotional, Physical, and Mental Health, and Pursues Continual Personal and Professional Growth	PROF3: Self-Awareness and Help-Seeking
ICS2: Communicates Effectively with Patients, Families, and the Public	ICS1: Patient- and Family-Centered Communication
ICS3: Develops Relationships and Effectively Communicates with Physicians, Other Health Professionals, and Health Care Teams	ICS2: Interprofessional and Team Communication
ICS4: Utilizes Technology to Optimize Communication	ICS3: Communication within Health Care Systems

Ophthalmology

Milestones 1.0	Milestones 2.0
MK1: Demonstrate Level-Appropriate Knowledge	MK1: Pathophysiology
PC5: Non-Surgical Therapy	MK3: Therapeutic Interventions
PBLI2: Locate, Appraise, and Assimilate Evidence from Scientific Studies Related to their Patients' Health Problems	PBLI1: Evidence-Based and Informed Practice
PROF4: Accountability to Patients, Society, and the Profession	PROF2: Accountability/ Conscientiousness
ICS1: Communicate Effectively with Patients and Families with Diverse Socioeconomic and Cultural Backgrounds	ICS1: Patient- and Family-Centered Communication
ICS3: Work Effectively as a Member or Leader of a Health Care Team or Other Professional Group	ICS2: Interprofessional and Team Communication

Diagnostic Radiology

Milestones 1.0	Milestones 2.0
PC1: Consultant	PC2: Clinical Consultation
MK2: Interpretations of Examinations	PC3: Image Interpretation
PC2: Competence in Procedures	PC4: Competence in Procedures
MK1: Protocol Selection and Optimization of Images	MK3: Protocol Selection and Optimization of Images
SBP1: Quality Improvement	SBP2: Quality Improvement
SBP2: Health Care Economics	SBP4: Physician Role in Health Care Systems
PROF1: Professional Values and Ethics	PROF1: Professional Behavior and Ethical Principles
PROF1: Professional Values and Ethics	PROF2: Accountability/ Conscientiousness
ICS1: Effective Communication with Patients, Families, and Caregivers	ICS1: Patient- and Family-Centered Communication
ICS2: Effective Communication with Health Care Team	ICS2: Interprofessional and Team Communication

Surgery

Milestones 1.0	Milestones 2.0
PC3: Performance of Operations and Procedures	PC2: Intra-Operative Patient Care – Performance of Procedures
PC3: Performance of Operations and Procedures	PC3: Intra-Operative Patient Care – Technical Skills
PC2: Care for Diseases and Conditions	PC4: Post-Operative Patient Care
MK1: Care for Diseases and Conditions	MK1: Pathophysiology and Treatment
MK2: Performance of Operations and Procedures	MK2: Anatomy
SBP1: Coordination of Care	SBP2: System Navigation for Patient-Centered Care
PROF3: Performance of Assignments and Administrative Tasks	PROF3: Administrative Tasks
ICS1: Care for Diseases and Conditions	ICS1: Patient- and Family-Centered Communication
