

**Recognition of Sponsoring Institutions with  
Non-Standard Training Programs for J-1 Visa Sponsorship  
Examples of Non-Standard Training Focus Areas  
Institutional Review Committee**

This is a non-exhaustive list of Non-Standard Training focus areas that includes examples of non-standard training program types that were previously approved for participants in the Exchange Visitor Program with J-1 visas sponsored by the Educational Commission for Foreign Medical Graduates. In this list, each focus area has been linked to its most closely related specialty(ies) and/or subspecialty(ies).

When a Sponsoring Institution receives Initial Recognition, descriptions of active Non-Standard Training programs must be entered in the ACGME's Accreditation Data System. These focus areas and relationships to ACGME-accredited programs may be selected when entering a program description.

Sponsoring Institutions may request new Non-Standard Training focus areas and new specialty/subspecialty relationships that do not appear on this list. Email [irc@acgme.org](mailto:irc@acgme.org) with questions.
